Single Family on 0.00 Acres

Alberta Avenue, Edmonton, AB

Back in the day these majestic homes were master pieces of the builders! Finding a 1920 home in this condition is almost a miracle. This home is found on a tree lined street in the Alberta Avenue community. It has been a great home for the current owner and is now time to pass off to a new family. The 2.5 story home has a big beautiful front porch and the homes entrance is huge. They retained the beautiful Hardwood floors and have always kept the home very well maintained. The furnace is a 10 yr old Mid Efficient (85%) model, HWT is newer, the roof replaced 10 yrs ago, electrical upgraded in 1995 and the home was painted 10 yrs ago. The basement has a separate entrance and is fully finished. Overall an excellent of a historic home!

Built in 1920
